**ORDER FOR DISCOVERY AND

In order to eliminate unnecessary motions for discovery in this case, to eliminate delays in the presentation of evidence and the examination of witnesses, and to expedite the trial pursuant to the provisions of the Speedy Trial Act of 1974, it is ORDERED

I. Discovery and Inspection

1. The Government shall disclose to the defendants and make available for inspection, copying or photographing: any relevant written or recorded statements made by the defendants, or copies thereof, within the possession, custody or control of the Government, the existence of which is known, or by the exercise of due diligence may become known, to the attorney for the Government; that portion of any written record containing the substance of any relevant oral statement made by the defendants whether before or after arrest in response to interrogation by any person then known to the defendants to be a government agent; recorded testimony of the defendants before a grand jury which relates to the offense charged; and the substance of any other relevant oral statement made by the defendants whether before or after arrest in response to interrogation by any person then known by the defendants to be a government agent if the government intends to use that statement at trial.

2. If the Government intends to introduce into evidence in its case in chief a confession made to law enforcement authorities by one defendant which names or makes mention of a co-defendant, then the Government must make a copy of that statement or confession available to counsel for the non-declarant defendants, along with a proposal for its redaction to conform with the requirements of Bruton v. United States. If the Government makes no such disclosure and turnover within 30 days of the entry of this Order, the confession may not be received at a joint trial of the declarant and non-declarant defendants. If, within 10 days after receipt of the confession and its redacted version, counsel for the non-declarant defendants make no objection to the redacted statement, the defendants will be deemed to have acceded to the receipt of the redacted statement into evidence.
3. The Government shall furnish to the defendants such copy of their prior criminal records, if any, as are within the possession, custody, or control of the Government, the existence of which is known, or by the exercise of due diligence may become known, to the attorney for the Government.
4. The Government shall permit the defendants to inspect and copy or photograph books, papers, documents, data, photographs, tangible objects, buildings or places, or copies or portions thereof, which are within the possession, custody or control of the Government, and which are material to the preparation of his defense or are intended for use by the Government as evidence in chief at the trial, or were obtained from or belong to the defendants.
5. The Government shall permit the defendants to inspect and copy or photograph any results or reports of physical or mental examinations, and of scientific tests or experiments, or copies thereof, which are within the possession, custody, or control of the Government, the

existence of which is known, or by the exercise of due diligence may become known to the attorney for the Government, and which are material to the preparation of the defense or are intended for use by the Government as evidence in chief at the trial.

6. In this investigation, the Government has seized electronic evidence stored within different media, like, for example, servers, hard drives, removable hard drives, thumb drives and DVDs. The Government shall provide to the defendants a list of the seized media and will, at the defendants' expense make copies of the discoverable electronic evidence that is in the Government's possession.

7. To the extent possible, and without infringing on any applicable work product privilege, the Government shall make available to the defendants, at the defendants' expense, all discoverable documents and electronic evidence in the format in which the Government possesses the documents and electronic evidence.

were prepared by a witness whom the defendants intend to call at the trial when the results or reports relate to his or her testimony.
